GlobalMET
Maritime Education & Training

Continued from Monday 13th March publication

Global Maritime Education & Training Association (GlobalMET) conducted a conference and exhibition on 'Future of Digitalization and Communications' at Novotel, Juhu on 25th February 2023, the details published on Monday's 13th March issue also available on website www.sagarsandesh.in under previous issue.

The evening cocktails and dinner function commenced with excellent Bharat Natyam dances followed by the **Awards Ceremony**. The Awards ceremony

GlobalMET Takes A Major Leap Into A High-Tech Future

was compered by Capt. Mahesh Yadav, in his own inimitable style.

Capt. Mahesh Yadav

GlobalMET honored eight Maritime Teachers and Trainers with the **"OUTSTANDING CONTRIBUTION TO MARITIME EDUCATION AND TRAINING AWARD"** in appreciation of their continued devotion to maritime education and training in India and the **"LIFETIME DEDICATION AWARD"**. It was a wonderful and heartwarming ceremony where eight stalwarts of the maritime industry were awarded a trophy along with a scroll and a gift by the hands of high dignitaries Mr. Deepak Shetty, Capt. Pradeep Chawla and Capt. Rajesh Tandon.

Dinner & Cocktails

Group snapshot of GlobalMET Awardees alongwith Mr. Deepak, Capt. Chawla, Capt. Rajesh and Capt. Mahesh

The GlobalMET Awardees were: Mr. Hoshang Dastur, Capt. Jairaj Nakhwa, Capt. Keith Miranda, Capt. Krishnamurthy Iyer, Capt. Rajiv Kumar Sharma, Dr. Surender Kumar, Capt. Nitin. S. Mainkar and Capt. Murali Vepa (posthumously).

Capt. Tescelin Almeida, Master of Ceremonies

After the awards ceremony, the venue was quickly turned around by the hotel staff to create a wonderful ambiance for entertainment. The entertainment was followed with amazing jugalbandhi music on guitar and tablas.

Last but not the least, thanks were due to the Master of Ceremonies, Capt. Tescelin Almeida, for conducting the event most efficiently and with great aplomb.

Indian Seafarers. MSC Irina has a maximum capacity of 24,346 TEU, now the biggest shipping company in the world. MSC Tessa which has a capacity is 24,116 TEU.

25 migrants killed when a boat sinks off the Madagascar coast

NEW DELHI
Sagar Sandesh News BUREAU

At least 25 migrants died when their boat sank off the coast of Madagascar over the weekend, the island nation's maritime authorities said.

"Forty-seven people had clandestinely taken a boat headed to the French territory of Mayotte, but that sank," the Madagascar

maritime authority said in a statement on March 13th.

"Twenty-three of the passengers were saved. Twenty-two bodies were found," it said, adding that the accident occurred on March 11th and that search-and-rescue operations were continuing.

Many migrants try each year to reach the French territory of Mayotte,

which lies north of Madagascar in the Indian Ocean.

In 2021, more than 6,500 people were detained trying to enter the territory clandestinely, according to French authorities.

There are no viable statistics on how many people have lost their

Boat sinks off the coast of Madagascar, killing at least 25 migrants

lives in attempting such crossings. A French senate report published in the early

2000s estimated that, at that time, around 1,000 people were dying each year.

Australia to receive Nuclear powered submarines from United States

Australia is all set to receive the first batch of US manufactured Nuclear power attack submarines

NEW DELHI
Sagar Sandesh News BUREAU

Australia is all set to receive the first batch of US manufactured Nuclear power attack submarines to provide a leadership role in the Indo Pacific region in a bid to contain the growing influence of China

US President Joe Biden is set to meet with two of America's closest allies to announce that Australia will purchase US-submarines to modernize its fleet, amid growing concerns about China's

influence in the Indo-Pacific region. Biden is traveling San Diego in the US West coast on March 13th, where he will meet Australian Prime Minister Anthony Albanese and UK Prime Minister Rishi Sunak for talks on the nuclear partnership known by the acronym AUKUS.

The partnership, announced in 2021, paved the way for Australia's access to nuclear-powered submarines, which are stealthier and more capable than conventionally powered boats, as a

counterweight to China's military buildup. San Diego is Biden's first stop on a three-day trip to California and Nevada. He will discuss gun violence prevention in the community of Monterey Park, California, and his plans to lower prescription drug costs in Las Vegas.

A future generation of submarines will be built in the UK and Australia with US technology and support. The initial plans call for all of the Australian subs to be constructed in Adelaide, Australia. US would also step up its port visits in Australia to provide the country with more familiarity with nuclear-powered technology before it has such subs of its own.

Meanwhile, **China has argued that the AUKUS deal is in violation of the Nuclear Non-Proliferation Treaty,** arguing that the transfer of nuclear weapons materials from a nuclear-weapon state to a non-nuclear-weapon state is a "blatant" violation of the spirit of the pact. "
