Boon for Drone Industry Growth in India- By Mr. Kishan Tiwari, Co-Founder and CEO, TSAW Drones

Mr. Kishan Tiwari, Co- Founder and CEO, TSAW Drones

The Union Civil Aviation Ministry has disbursed INR 30 Cr under the PLI Scheme for drones and drone components to boost the Indian drone Industry. "How this initiative will be a boon for Drone Industry growth in India" Mr. Kishan Tiwari, Co-Founder, and CEO, TSAW Drones (A DroneTech Startup and

Drone Logistics Service Provider) explains:

The allocation of a whopping Rs. 30 Crores under the Production Linked Incentive (PLI) Scheme for drones and drone components is an extraordinary fillip for the burgeoning Indian Drone Industry. This strategic move is anticipated to furnish a much-needed impetus to the sector, which holds immense potential for exponential expansion in the years ahead. The primary objective of this scheme is to incentivize indigenous drone manufacturers to produce top-notch and cost-efficient drones, thereby diminishing India's reliance on imports. This, in turn, will foster the development of a robust domestic drone manufacturing ecosystem and pave the way for the creation of lucrative employment opportunities for skilled professionals. Moreover,

this visionary initiative will galvanize innovation and augment research and development activities in the drone industry, thereby enabling the creation of cutting-edge and sophisticated technologies that can be leveraged for the benefit of the country's

defense and security sectors. In addition to that, it will generate an upswing in the agriculture and infrastructure sectors, where drones can be employed to oversee crop health, survey land, and scrutinize infrastructure.

MARINE NEWS

"Failure is a lesson learned; success is a lesson applied."

Boon for Drone Industry.....From Page : 2

The skies are changing, and it's up to us to stay ahead of the curve. During the recent event held in Amsterdam, it is claimed to be already doing roughly 1000 deliveries per day just in Australia, while the Manna Drone Delivery product range includes 40% cappuccinos delivery among other things. It's exciting to see the number of players across the globe who are already making regular deliveries using drones.

As an Indian, I'm proud to say that our country has shown the fastest-growing drone ecosystem, thanks in part to a liberal regulatory environment that provides clarity on airspace rules. With the manufacturing hub shifting to India, we're well-positioned to lead the way in the future of drone technology.

About TSAW Drones

Founded in 2019, by Kishan Tiwari and

Rimanshu Pandey, TSAW (Technit Space and Aero Works) is a drone technology company with a vision to facilitate industries through the introduction of drone-based tech solutions. The brand is headquartered in IIT Delhi. All these drones are operated on lithium batteries with Zero Carbon Emission. DRONECO is one of the brands under TSAW's umbrella which is focused on providing logistics services using drones. All the drones are powered by TSAW's propriety Drone Cloud Intelligence System (DCIS), a cloud-based autopilot, which performs jobs like automatic path planning, drone traffic deconfliction, and predictive health management & recovery, hence reducing the downtime to approximately Zero mins between flights and providing better operational efficiency.

Wan Hai Lines Holds Naming Ceremony for 13,200teu Newbuilding "WAN HAI A02" & "WAN HAI A03" Accompanied by a Charity Donation

New Delhi
Sagar Sandesh News Service

Wan Hai Lines Ltd. held a joint ship naming ceremony for WAN HAI A02 & WAN HAI A03 accompanied by a charity donation today (21st April) at HD HYUNDAI HEAVY INDUSTRIES Ulsan Shipyard.

WAN HAI A02 & WAN HAI A03 is the second & third vessel in the series of 13,200 teu containerships built by HD HYUNDAI HEAVY INDUSTRIES. Ms. Kim Ho Yoon, wife of Mr. Lee Jun Yong, EVP of KOREA ZINC CO, named WAN HAI A02 and Ms. Jung Kyung Won, Manager of WACKER CHEMICAL CO, named WAN HAI A03 during the ceremony.

The 13,200 teu series is designed with a length overall of 335 meters, a breadth of 51 meters, a draft of 16 meters and a maximum cruising speed of 22 knots. **The containership takes energy efficiency and environment - friendly aspects into account.** It is equipped with full balanced twisted bulb rudders, pre-swirl fin and

Naming ceremony

meets the highest level of requirement for EEDI (Energy Efficiency Design Index) for phase III in advance.

Besides, all the ships delivered are certified with "Smart Ship" notations. WAN HAI A02 & WAN HAI A03 will be delivered in end of April and mid of Jul, 2023 respectively and will be deployed in Far East to the United States of America services. These new vessels are part of Wan Hai Lines efforts to ensure its continuous pursuit of fleet upgrading in order to provide the best quality service to customers.

Wan Hai Lines upholds "Sustainable Development, Inclusive Growth" spirit and Wan Hai Lines motto, "We Carry We Care".

As such, the company also made a donation to Ulsan Cham Sarang House, the charity that provide residential care to disabled people.

We hope this small token could benefit the local community. As the company is committed to fulfill its corporate social responsibility, providing quality service to customers and bringing love to the society.

Maersk's new container protection prices for India

New Delhi
Sagar Sandesh News Service

Maersk has informed of an upcoming change in the tariff for its product, Container Protect, effective as of 15th May 2023 for all dry and reefer imports into India. It said:

"Effective 15th April 2023, we will be increasing the price of Container Protect Unlimited by INR 400 for 20 and INR 250 for 40 feet containers. This change is necessary for us to continue providing

MAERSK

a high-quality product and service that you have come to expect from Maersk.

"We highly value your trust in us and want to ensure that you continue to receive the same level of

coverage and satisfaction from our solutions."

This tariff increase will affect all bookings effective from 15th May 2023.

Container Protect Unlimited

New Prices in India for dry and reefer containers:

* INR 2,400 / 20 feet container

* INR 3,000 / 40 feet container
