## IRClass Academy and NITIE sign

# MOU to conduct advanced training and joint operational research

**I**RClass Academy, the training arm of the Indian Register of Shipping, has signed a Memorandum of Understanding (MOU) with India's leading educational and research institution National Institute of Industrial Engineering (NITIE) to conduct advanced training and joint operational research. Both parties have agreed to collaborate and provide advanced technical and management training in the shipping, maritime, supply chain, and logistics sectors.

The MOU draws strength from the extensive experience of both institutions with NITIE having long-term expertise in supply chain & logistics whereas IRClass Academy brings in maritime and shipping domain know-how being part of a leading international classification society.

The mutual synergies will help both institutions to address the growing demand for highly skilled professionals in segments like Supply Chain, Multimodal logistics, Inland waterways, and Coastal shipping which are expected to witness significant growth in the coming years.

The MOU also focuses on joint operational research opportunities and covers the qualification of trainers as well. It will play a vital role in bridging the gap between industry demand and the skill ecosystem in line with the Skill India initiative of the Government of India. The specific areas of

research will encompass port operations related to turnaround time, navigational adequacy, cargo evacuation, risk assessment & provide logic-based solutions to the industry.

Head of Operations at IRS, Mr. P K Mishra said: "IRClass Academy is a leading name in maritime training space and is honoured to partner with NITIE, a pioneer in the engineering education and research. This MOU will pave the way forward to the development of a strong skilling environment in the maritime,

IRS & NITIE signing MOU

supply chain, and logistics sectors."

Professor Manoj K Tiwari, Director NITIE stated "NITIE and IRClass Academy have strong technical and engineering expertise and the MOU will focus on exploiting common synergies to benefit the industry stakeholders. The complementary strengths of NITIE and IRClass Academy will assist in fulfilling the skilling needs of the industry".

**About Indian Register of Shipping**

Indian Register of Shipping (IRS) is an international ship classification society providing ship classification and certification as well as technical inspection services. IRS is a Member of the International Association of Classification Societies (IACS).

Covering a wide range of shipping, offshore and industrial projects, their team of dedicated professionals brings international standardization and assurance to your doorstep. For more information on IRS, please visit: <http://www.irclass.org>

## DUTY OF CARE

### SEAFARING IS A WAY OF LIFE

Seafarers' work environment, work routine, physical and mental fitness requirements, and the contrasting difference between lifestyles onboard and onshore make them a unique population. The effort to keep a healthy fleet requires a multiple-pronged approach that encourages the seafarer to take charge of his/her health.

Ensuring immediate and timely access to quality medical assistance delivered by a trained, qualified and a multilingual (English, Russian, Mandarin, Tagalog and Various Indian Languages) medical team. Achieving a Healthy Ship model through continued awareness, proactive health checks and innovative solutions to address Mind & Body Wellness onboard.

Core to these efforts is our proprietary healthcare platform which consolidates, analyses, organises and presents health information to facilitate enhanced care.
